## Russian Dreams

Bass Museum of Art, Miami Beach, 4 December-8 February 2009

This exhibition considers the major trends in contemporary Russian art, tracing its roots back to the work of pre-glasnost, underground artists. Included are established and emerging artists, such as AES+F, Yuri Avvakumov, Alexander Ponomarev, Olga Chernysheva, Alexander Vinogradov, Julia Milner and others. Olga Sviblova, curator of the Russian pavilion at the 2007 Venice Biennale, organised the exhibition. Above, Yuri Avvakumov, *Black Bone Mausoleum*, 2008
